	Lot	PEST CONTROL SERVICES FOR TWELVE (12) MONTHS Duration: February 2023 to January 2024 SCOPE OF WORK: <ul style="list-style-type: none">• COCKROACHES AND OTHER CRAWLING AND FLYING INSECTS: <i>Residual Surface Spraying</i> This service covers the control of all crawling and flying insects by spraying highly effective insecticide through the use of Professional Sprayers. Application would be on places and areas where insects congregate, crawl and hide or through cracks and crevices from which they are harboring.• RODENT CONTROL: <i>Rat and Mouse Control Program</i> Service covers the control of common species of rodents by applying of anti-coagulant rodenticides (Chemical Bait) in areas used as passageways and harborages of rats and mice. Rat traps, rat glue, and other effective Repellants will be used particularly in possible runways and breeding sites for the control of rats and mice.• MOSQUITO CONTROL AND OTHER FLYING INSECTS: <i>Misting</i> A comprehensive treatment used to control flying and crawling insects with the use of Misting Machine and environment friendly insecticide. This is necessary for the immediate knockdown of flying and crawling pests inside the building. A fine, almost invisible mist is dispensed and penetrates into cracks, crevices and partition walls that are not reached by ordinary spraying.	1		57,777.00
